A Message from the Organisers

As we stand on the cusp of Glasgow's Pride 2025, the excitement within our organising committee is immense, and we want to extend our heartfelt anticipation to every single one of you. Your energy, your passion, and your presence are what make Pride truly special.

At its core, **Pride is about creating safe spaces** where every member of our LGBTQIA+ community can feel seen, valued, and free to be their authentic selves. Tomorrow, Saturday, July 19th, we invite you to join us as we march united through the city and then celebrate together at the iconic Barrowlands.

We are acutely aware of the hard work involved in bringing this event to life, and we are committed to its continuous development. Our vision for Glasgow's Pride is clear: we aspire for it to grow and innovate, to once again rival other major cities in its scale and **impact**, truly showcasing our stand for equality and what Glasgow is all about – **unity, resilience, and unwavering support for a more inclusive world.**

Thank you in advance for your incredible support and for being a part of this vital movement. Let's make Glasgow's Pride 2025 an unforgettable day of protest, celebration, and community.

With immense gratitude and eager anticipation,

The Glasgow's Pride Organisers 🏳️‍🌈🌟

"Committed to making diversity and inclusion central to our business, with our clients, our people and our communities."
